The 1958 JACKET will be for those who receive it, a precious record, reminder and inspiration.

As a record, this book will carry valuable information which you will turn to many times during the years ahead. You will frequently look at names and faces and organization when you are attempting to identify individuals and events.

The book will be a reminder of associations, activities, joys, sorrows, and achievements. It will, through its pages, be a reminder of values that you did or did not embrace and thereby may bring to you a sense of satisfaction or regret depending upon what you did at a given time.

The JACKET will also be an inspiration as you look back upon achievements of individuals and groups recorded herein and your own participation. The presence of the Homecoming Queen, Miss Olive Hill, the football team, Band, basketball team, Glee Club, Dramatic Guild, or some other group or individual will bring back memories of inspiration which will heighten your loyalty to OLIVE HILL and your appreciation for OLIVE HILL men and women wherever they are.

May it always serve as a reminder of the Golden Days of our lives.
